Date: February 28, 2023

Winchester Fire Department GROWS the WDMH Foundation's Cancer Care Navigator Fund

Each November, more moustaches and beards appear as Movember participants grow some whiskers and awareness about men's health. In 2022, the Winchester Fire Department joined in, raising funds for the WDMH Foundation's Cancer Care Navigator Fund.

Recently, part of the team presented a cheque for \$2,379, along with this important message: "Unfortunately, everyone is affected by cancer going through life in one way or another. This community is near and dear to our hearts so choosing to support the Cancer Care Navigator Fund at Winchester District Memorial Hospital and the WDMH Foundation would be the best fit to help families through one of the toughest journeys of their lives."

"Thank you to the Winchester firefighters," says WDMH Foundation Managing Director Kristen Casselman. "These men already go above and beyond for our community every day, and we are grateful for their additional efforts to support cancer care at our local hospital."
